

# **Pasadena Citizens' Advisory Council**

## **March 26, 2020 Meeting Cancelled Due to COVID-19**

Pasadena Citizens' Advisory Council (PCAC) plans featuring a panel on innovations in safety technology in the hazardous materials transportation industry were put on hold when spread of the COVID-19 coronavirus dictated social distancing. The panel featuring speakers representing four modes of transportation (trucking, rail, pipeline, and marine) will be rescheduled, perhaps in Fall 2020. Contact us at [info@pasadenacac.org](mailto:info@pasadenacac.org) if you have questions.
